B. Qualification System

PERFORMANCE & CONTINENTAL REPRESENTATION

FILA will organise a qualification tournament within each continent during the month of May 2010.

For each wrestling discipline, the places obtained for the Youth Olympic Games will be awarded to the highest ranked athletes at each of the qualification tournaments, in accordance with the following quotas:

Places per continent

In the event that NOCs have qualified more participants than allowed for by the NOC quota, they must confirm, by 4 June 2010, the categories in which they intend to enter an athlete. The next best ranked

athlete, in the respective weight category where an athlete previously qualified, will obtain a place as long as it falls within in the limit of five (5) athletes per NOC.

NOC Universality Places

The same eligibility criteria as for qualified athletes apply. In order to ensure the ideal number of eight (8) wrestlers per category (compulsory in the FILA direct elimination system), a maximum of one (1) or two (2) wrestlers per event will be chosen.

HOST COUNTRY REPRESENTATION

Two (2) places (one Man and one Woman) will be attributed to the host country, while taking into account the ideal number of eight (8) athletes per event.

C. Reallocation of unused quota places

UNUSED IF QUOTA PLACES

If an NOC chooses not to use an obtained place, the next best ranked athlete in the respective weight category will receive the place, which must be reallocated within the same continent.

Should no other athlete from the same continent be eligible, the place will be reallocated within the distribution of NOC Universality places.

UNUSED HOST COUNTRY PLACES

Any unused host country place(s) will be reallocated within the distribution of NOC Universality Places.

UNUSED NOC UNIVERSALITY PLACES

Any unused places will be reallocated to NOCs having participated in continental qualification tournaments and which have not yet qualified any athletes on the basis of ranking within each weight group, in order to fill the eight (8) available places per category.

The reallocation per continent will respect the following order of priority: 1- Africa, 2- Oceania, 3- Asia, 4- America, 5- Europe.
