Event Requirements 2010 – Junior Team, NTID Squad, Youth Olympic Games

(Revised 20 January, 2010)

Background:

Australian Junior World Championships Teams 2010 – 2012

The Australian Junior Team selection program throughout this Olympic cycle will be an integral part of the National Rowing Centre of Excellence (NRCE) Development Program, which aims to identify athletes who are potential Senior A medal standard athletes for future World Championships and Olympic Games.

Athletes will be considered based on current performance data as listed in the event supplement below and also perceived potential for Senior A rowing success later in their rowing careers.

The NRCE has nominated target crew boats to be considered for the Australian Junior Team to compete at the respective Junior World Championship regattas as outlined in the notes below.

Outstanding small boat performances may also be considered for selection to the respective Australian Junior Teams.

2010 National Talent Identification & Development (NTID) – New Zealand Tour Team

The Australian Sports Commissions NTID Program for rowing will play a major role in firstly the identification of talented rowing athletes, and most importantly the development and management of these athletes into Senior A medal standard athletes for the World Championships and the Olympic Games.

One of the major projects of the NTID Development Program for 2010 will be to identify talented school leavers for a National Camp based at the AIS in Canberra to be over the Easter weekend.

From this camp, athletes may be invited to join the NTID Development Squad Tour to New Zealand in May 2010. The team will compete in a series of races against New Zealand National crews.

2010 Youth Olympic Games – Singapore

Singapore will be hosting the first Youth Olympic Games from 14 to 26 August 2010. It will receive some 3,600 athletes and 800 officials from 205 National Olympic Committees, along with estimated 800 media representatives, 20,000 local and international volunteers, and more than 500,000 spectators. Young athletes - between 14 and 18 years of age - will compete in 26 sports and take part in Culture and Education Programs.

Australia has qualified in two boat classes, Men's Coxless Pair and Women's Coxless Pair. Racing at the Youth Olympic Games will be over 1000m. See notes below for eligibility criteria.
